## Safety luminaire in compliance with EN 60598-1/2-22 and EN 1838.

Weatherproof die-cast aluminum housing with safety glass pane. Version for ceiling mounting with four high-power LEDs and cast acrylic optics for escape route illumination.

Cable entry into luminaire housing from rear and bottom possible. Luminaire comes standard with IP65 membrane pressure compensation valve.

Optionally, the luminaire can be supplied as a central battery variant for a temperature range down to -35°C (unmonitored).

The single battery variant is also available as a set with external supply unit for indoor installation and luminaire unit for outdoor installation (suitable for a temperature range down to -35°C).

Alternatively, the luminaire is available with battery heater (4.8V 4.2Ah) to extend the temperature range inside the luminaire to -20°C.
