Cable assembly set

Cable assembly set in two different lengths, equipped with high-quality grippers and symmetry brackets for luminaires with asymmetrical weight distribution.
Note: The steel cables can be shortened to any length on the side of the gripper.

Luminaire is not included in the scope of delivery

Technical specifications and order information

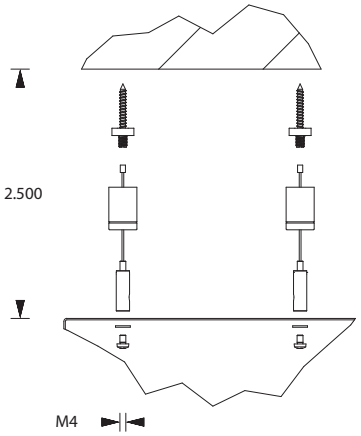

Cable assembly set, 2 x 2.5 m

Material	Nickel/Zinc
Dimensions Rope (L)	2,5 m
Note	1 Set = 2 cables with mounting material

Order number **551042**

Suitable for following luminaires:
